

International forwarding

Whether from abroad to Switzerland or from Switzerland to another country: Swiss Post Cargo will handle your small consignments for partial or full truckloads. Quickly and reliably. Including import/export customs clearance in Switzerland. A one-stop shop.

Whether you're looking to import or export goods, we have the perfect solution for you. If you wish to send a consignment from Switzerland, we'll collect it from you, and our partner in the relevant country will deliver it to the recipient. The reverse procedure applies to shipments from abroad. In both cases, we take care of customs clearance and you have a single contact: Swiss Post Cargo.

Easy customs clearance

As an authorized recipient and sender, we clear your goods directly at one of our logistics centres, thus saving you long waits at the borders. Our experienced customs agents ensure speedy, correct customs clearance of the goods delivered. What's more, you are also free to deliver your goods personally to one of our logistics centres – when returning an item for shipment abroad, for example.

Our locations

Authorized consignee and authorized consignor
